

The Satisfactory Store!

Retailing as conducted in this store means more than the buying and selling of merchandise. It is the giving of absolute satisfaction in every detail to our customers. It means that we want you to be satisfied with everything you buy at this store. We stand ready to refund your money or exchange goods if you are not satisfied. There are always the right sort of bargains here, too.

Dress Goods.

There are some striking opportunities in our Dress Goods Department. We are turning a backward season to your advantage and are offering some very unusual bargains in black and colored dress goods. The newest colorings and material. You will be interested in them.

Trunks.

You are very likely planning a trip the St. Louis this Summer. You will need a trunk or bag, perhaps, and we can show you a very complete line at low prices. At any rate, do yourself the justice of getting our prices and seeing our line before you purchase.

Curtains.

How about your windows? Spring time usually emphasizes the need of new Lace or Muslin Curtains. We would like for you to see the line we are showing, and we can satisfy you in price and style.

Mackinette Rain Coats

... For Sunshine and Showers ...

WHEN you buy the dressiest Spring Overcoat, you will buy the "Mackinette." It is rain-proof, wind-proof, dust-proof. It is made in many patterns controlled by us alone.

The label on the coat is guaranty of the famous "R. & W." workmanship. Whenever you see the "R. & W." label on any garment, you are sure of true quality as when you buy silver marked "Sterling." Ask your dealer to show you the "Mackinette" coats. They sell at prices from \$15 to \$35. Buy one and know what it is to have an overcoat that combines comfort, protection and a smart appearance. Our book, "Sunshine and Showers," is worth reading and will show you illustrations of this season's styles.

DEMOCRATIC TICKET.

FOR CONGRESS—
HON. SOUTH TRIMBLE,
of Franklin County.

A Growing Plant.

Right at this time, one of the busiest places in town is over in East Paris, where the Paris Milling Company has in course of erection its new up-to-date steel elevator, with capacity of 80,000 bushels of wheat. Mr. H. Wolters, of Louisville, the architect of this elevator, is here pushing the work, and he says that this will be the most improved and complete elevators not only in Kentucky, but in the whole country. It is quite interesting to watch the workmen on this mammoth structure. They use compressed air to run the hammers used in riveting the steel sides together. The hammer hits 1,700 times a minute. No wood about the structure at all, makes it a sure fire-proof building.

This plant under the management of Mr. B. M. Renick, has grown to enormous proportions, and now ranks with the largest milling companies of the country. In the past eleven months the business has increased over \$13,000 more than was ever done in any twelve months before, from July to July being known as the milling year. Mr. Renick has let all his transferring to M. J. Murphy & Co., beginning June 1st. This amounts to the hauling of about 35,000 barrels of flour per year. It will readily be seen that Paris has one paying plant, and should have more. This property was considered a losing proposition a few years ago, but by the energy, fair dealing and enterprise of Mr. B. M. Renick, the young business manager, it has grown into large proportions and as a money maker we know of none better. Why shouldn't it be so, for the Paris Milling Co. is now making the best flour on earth, and the Purify brand is in demand everywhere it has ever been put on the market.

No EXPERIMENT.—Good coffee must be roasted by experts, not any old body. My coffee is blended by one of the best experts in the world. Just try it and be convinced.

High School Commencement.

The Paris High School commencement exercises, at the Opera House, last night, were attended by a large crowd and a special interest manifested in the occasion by the whole city.

The class of ten—Misses Edna Earl Hinton, Bessie Rice, Josie Alexander, Jessie Hibler, Mary Connelly, Mary Ranson, Janie Marsh, Allene Power; Messrs. Neely Ranson and William Swearingen—is a credit to the school and to the community. It is a remarkable class in many respects, one member, Miss Allene Power, being only fourteen years old, she passes with a splendid average. Other members have overcome great difficulties in sever 1 ways and much credit for honorable high grade work is due them. We do not hesitate to say that no brighter, lovelier young ladies, nor brighter, manlier young men are graduated from any school this season than this class from the Paris High School.

President B. A. Jenkins, of Kentucky University, delivered an excellent address in honor of the class. He renewed assurance to our superintendent, Prof. Sharon, that the High School will not only be fully accredited at the University, but that a free scholarship will be given each year to the pupil receiving the highest standing. Much credit is due to the high standing the Paris High School is taking in the State to the untiring efforts of Superintendent J. A. Sharon. He is gradually bringing the school into the front ranks of the High Schools of the State. He is the right man in the right place. His reputation as an educator is reaching out, for only a few days ago he was offered the Superintendency of the Covington High Schools at a greatly increased salary, but having been elected by the Paris Board for another year, refused the tempting offer. It is to be hoped that we may be able to retain him at the head of the Paris school for many years to come.

HAMMOCKS.—To enjoy life these hot evenings you should have one of those comfortable hammocks at J. T. Hinton's.

"BLACKBERRY WINTER."—"This is blackberry winter," said an old resident Tuesday night, commenting on the sudden change in the weather. "The blackberries begin to put forth their blossoms during a cold snap like this. It always turns cool for a few days in latter part of May or the first of June, and if you are a close observer you will notice that the blackberry crop is late or early. Sometimes the blackberries blossom as late as June 10, and sometimes as early as May 20."
